RESPONSE TO RESTRICTION REQUIREMENT

Technology Center 2600

Sir:

In response to the Office Action mailed on March 12, 2004, Applicants hereby provisionally elect, with traverse, to prosecute the claims of Group 1 (claims 1-40) in the present application.

However, applicants respectfully traverse the restriction requirement since the subject matter of all of claims 1-64, is sufficiently related that a thorough and complete search for the subject matter of the elected claims would necessarily encompass a thorough and complete search for the subject matter of the non-elected claims. Accordingly, it is respectfully requested that the restriction requirement be withdrawn and that the present application be examined according to MPEP § 803 so as to avoid unnecessary delay and expense to the Applicants and improper duplicative examination by the Patent Office.
